Operator Here Censured Over Route Service

But Rail Commission Holds 25-Cent Fare Is Still Justified

Operation of the Redwood City-Emerald Lake bus line was criticized in findings of the California Railroad Commission, announced Tuesday as the result of a hearing held here two weeks ago, but requests of highlands district residents for a slash in rates were denied.

The commission censured T. J. Henderson, operator, for neglecting to file time schedules with the state.

Henderson was also criticized for failure to charge full rates on express matters, according to a copy of the findings as forwarded to the Redwood City Chamber of Commerce.

CONTENTION UNJUSTIFIED

But requests of members of the Highlands District Improvement Club, headed by N. H. Robotham, and other Emerald Lake residents that Henderson's 25-cent rate be slashed to 10 cents were rejected, the findings declaring that "the record does not support a finding at this time in regard to the alleged inequalities in the rate structure" of the bus line.

"The commission deems it advisable, however, for Mr. Henderson to devote some time and thought to a better co-ordination of his operation with a view to effecting operating economies and establishment of better relations with his patrons," the order signed by Commissioners Wallace L. Ware, Leon O. Whitsell, Frank R. Devlin and Ray L. Riley declared.

The commission's order granted Henderson an extension of his operating right to a point one-half mile beyond his Emerald Lake and Canyon Sanitarium terminals, so as to permit him to serve all points within one-half mile of and in any direction from these terminals.

TO FILE ROUTE MAP

The commission stipulated, in this connection, that Henderson prepare and file a map showing the routes over which he operates and delineating the limits of the area he will serve in conformity with the order.

Henderson was also ordered to file a supplement to his tariff amending the rule governing fares to be charged beyond his terminals, and to file a complete time schedule of his bus service. The order becomes effective March 5.

Henderson's offer, made at the commission hearing in the board of supervisors' chambers, to make the 25-cent one way fare and the $1.50 weekly commute fare from Redwood City applicable to all the territory embraced within the one-half mile area beyond his terminals at the lake and sanitarium met with the commission's favor, and he was directed to accomplish this change by proper tariff filing with the commission.

WOMAN DIES OF INJURIES FROM CRASH

Driver of Death Car Still in Hospital Facing Charges

SAN MATEO, Feb. 16.—An alleged drunken driver today faced possible manslaughter charges as death claimed one of five persons injured in a terrific crash eight days ago on El Camino Real in front of Mills Memorial Hospital.

The driver, John Murray, 49, San Francisco carpenters' union business agent, was scheduled to face Municipal Judge A. H. Stetson of San Mateo today on drunken driving charges. However, he is still in the hospital with painful injuries.

Mrs. Edna Hubbert, San Francisco housewife, died yesterday in a San Francisco hospital. She suffered a broken arm and internal injuries.

Still clinging to life, but in a critical condition, was Nadina Babb, 3-month-old daughter of Mr. and Mrs. Keith Babb, San Jose, who incurred fractures of both legs in the crash.

The parents are also in Mills Hospital, badly hurt. The mother has not been told of the critical condition of her baby.

Meanwhile a $45,500 damage suit was filed in superior court here today against Murray. Mrs. Babb seeks $15,000 damages, the husband $5500 and the baby, through its father, $25,000 more.

Last Saturday Murray filed suit for $16,000 damages, alleging that the Babbs were at fault.

With the death of Mrs. Hubbert the county's traffic death toll mounted to eight for the year.

REPLY GIVEN TO CRITICS BY CORONER

Crosby Denies Charge Of Discrimination In His Office

Coroner William Crosby took the offensive Monday flinging back charges at the undertakers who recently accused him of discrimination and violation of county and charter laws.

"The charges in question come from men who for many years prior to my taking office, through political favor, participated in practically all of the calls from the coroner's office, and who now desire the old order of things restored," Crosby stated in a letter to County Executive Walter T. Kellogg, who is expected to make his report on the accusations to the board next Monday.

Crosby explained that he had instructed hospitals and police departments to call the coroner's office on all coroner cases, because this procedure was "essential to the most efficient discharge of my duties."

Fontana Children Seeking Estate

Mark E. Fontana Jr. and his sister, Miss Margery Fontana, both of San Francisco, have petitioned superior court in that city for letters of administration in the estate of Mark E. Fontana, wealthy South San Francisco food products manufacturer who was killed in the Mills Field air crash. Value of the estate was formally listed at in excess of $10,000. Fontana left no will.

Blimp 'Volunteer' Here for Repairs

If you see the Goodyear blimp "Volunteer" sailing serenely over the peninsula during the next two weeks, don't worry for fear it has been blown away from its Los Angeles base. It's here on business—that of getting an overhauling and a new paint job.

The blimp, of which A. P. Sewell is pilot, is making its annual goodwill call to Moffett Field, but while there expects to get reconditioned. In between jobs the ship will make short flights. During this time it will be docked in the giant hangar once used by the Macon.

An all-time record for shipments of bituminous coal was made on the Great Lakes in 1936.

Argo, Mayo and Hall Will Attend Parley

Principal A. C. Argo and two other members of the Sequoia high school faculty—S. S. Mayor, night school principal, and Harvey Hall, in charge of social living classes—are making plans to attend a school conference in Los Angeles March 5.

The group will attend a meeting of the corps curriculum committee of the Association of Secondary School Principals, of which Argo is chairman, and will participate with representatives from the 12 "co-operating" schools in progressive education in the state, of which Sequoia is one, in a conference on curriculum.

Road Expenses To Be Planned For Full Year

Board Orders Survey Of County System For Budget Use

Remaining significantly silent on a problem which they admitted was uppermost in their minds—appointment of the future county executive—the board of supervisors Wednesday ordered a survey made of the county road system so that expenditures for next year's road program may be carefully mapped.

Decision to have the survey made by the county engineering department followed a discussion at which the lack of planning of county roads was deplored by Supervisors James S. James and John W. Poole.

James said that with preparation of the salary budget imminent, it was necessary that a road program be carefully prepared so that there will be no repetition of this year's problem—66 per cent of the highway budget spent in the first six months of the fiscal year.

ROAD TAX CONSIDERED

"Only a survey can determine whether we can confine expenditures to receipts of the gas tax funds, or must put on a road tax," James said. He suggested the board might reclassify roads blanketed into the county road system last year.

Poole, supporting James' plea for a survey, said that it was his opinion that many needless county roads had been built in unpopulated districts, leaving populated areas in sore need.

"Thousands of dollars have been spent unnecessarily," Poole declared. "We must learn what roads should be put in shape, and what ones are not important."

MARSHALL TO REPORT

Engineer U. S. Marshall was ordered to make his report to the supervisors' road committee, giving a detailed listing of names and mileages of county roads, with special emphasis on those taken into the county system recently.

Bigamy Admitted, Holder Asks Mercy

Asking leniency, Carroll F. Holder, former San Matean, today had pleaded guilty to bigamy. His request for probation will come up before Superior Judge Maxwell McNutt March 1.

Holder was arrested in San Francisco after Mrs. Emily A. Schlahoff of Los Angeles had charged that when Holder married her April 7, 1935, in San Mateo, he was already married to Mrs. Alice Holder.

'T. B.' Control Progress Told

Health Body Re-elects Officers

Tuberculosis, 35 years ago responsible for one out of every seven fatalities, today claims only a third as many lives in the United States and no longer ranks as a major disease—all through the sale of penny stamps. This disclosure was made by Dr. Francis W. Pottenger of Monrovia, founder of the California tuberculosis control movement, at the first annual meeting of the San Mateo County Tuberculosis and Health Association Monday night. More than 100 attended the dinner at the Hotel Benjamin Franklin in San Mateo.

High was the praise extended the four-month-old organization by Dr. Pottenger and impressive were the reports submitted by officials and department heads. So pleased was the membership with the accomplishments that all officers were re-elected.

The speaker, internationally known for his work in tuberculosis cure and prevention, briefly outlined the rapid strides taken in tuberculosis control during the past century.

Tuberculosis, once believed a hopeless disease, has claimed more lives than all the pestilence and wars. At one time one out of four deaths was attributed to tuberculosis, the doctor said.

At the turn of the century, when control was being pioneered, the death toll was 200 out of every 100,000 persons. Now, through hard work and generous support, the death rate from "T.B." has dwindled to 55 out of 100,000.

The speaker disclosed that the average life span 100 years ago was 14 years, a half century ago it had increased to 40 years and now it is approximately 58 years. The efficient combating of tuberculosis has played an important role in increasing the life of man, he said.

William F. Knorp, San Mateo physician, was toastmaster. He reported the county organization has 121 members.

Mrs. John L. McGinn of San Mateo, secretary, disclosed that $0,215 of the county's 40,000 homes were reached by Christmas seals. Total receipts were $6,380.40.

Mrs. Ruth Close, executive secretary, reported the organization was free from debt and was now getting started on an important tuberculin testing program in high schools.

Dr. H. H. Ray of Hillsborough reported on the program now getting underway. He said that seniors of all county high schools would be given tests by late spring.

Other reports were given by T. N. Thompson, representing Treasurer Edward T. Harrison of Redwood City; Sam Winklebleck, publicity chairman, and Frank McConville, chairman of the schools committee. Resolutions were presented by J. O. Klein and Seth Cohn, both of San Mateo.

Dr. Ray, chairman of the nominating committee, recommended that all officers be retained for the coming year with Mrs. Robert McWilliams of Hillsborough being added to the executive committee and Mrs. Ethel Skellinger of Lomita park and Sen. Harry Parkman of San Mateo being added to the board of directors.

The re-elected officers are Dr. Knorp, president; Cohen, vice president; Mrs. McGinn, secretary, and Harrison, treasurer. The executive committee will be composed also of Rev. H. G. Gardner, Burlingame; F. McConville, San Mateo; Bradford M. Melvin, Hillsborough; Mrs. E. L. Miller, Burlingame; Dr. Dewyl Booth Murphy, San Mateo; Dr. Ray, Mrs. McWilliams and Executive Secretary Mrs. Close.

The board of directors among others includes John J. Garland, Menlo Park; Lillian J. Chew, John Gill, Charles G. Lambert and Winklebleck, Redwood City.

Reasons for Auto Changes Told Club

Why car models change was explained to members of the Exchange club at their weekly meeting in Hotel Sequoia Tuesday by R. E. Trager of Oakland, regional sales promotion manager for the Chevrolet Motor Company.

Trager said that there were four reasons for continual improvement of motor cars: factory research, proving, engineering and customer research.

Also addressing the club was J. Franklin Reid, local scout executive, who told of the fund campaign now being carried on. A. H. Davies was chairman of the meeting.

Peninsulans Set Parts in S. F. Veterans' Fete

Several peninsulans, winner in the fifth annual Veterans' Fete contest which ended Saturday evening, were making plans today for their parts in the George Washington parade, pageant and ball in San Francisco February 22.

Washington's "official family" was completed with the selection of Charles J. Faso, as the first attorney general, Edmond Randolph.

Other peninsulans who won places are Theodore Pretzer and Freda Ballou, sponsored by the San Mateo-Santa Clara County Council, Veterans of Foreign Wars. They will represent Alexander Hamilton, first secretary of the treasury, and Mrs. Hamilton.

The ball, to be held in the civic auditorium, and parade are highlights on the veterans' calendar. Tickets are on sale at Lock's Drug Store.

MENLO PARK NEWS NOTES

Father Edward Dougery, a chaplain in the U. S. Army in Montana, visited his old friend, James Doherty, one of the owners of the service station on the highway and Oak Grove avenue, last week. Both were classmates at St. Patrick's Seminary some years ago.

Bids are being received for putting a new roof on the city hall. The estimates will be opened shortly by the city council.

The engagement of Miss Mary Reiter to a San Jose young man has been announced. The pretty bride-to-be spent her girlhood in Menlo Park. She resided at the Raymond home, Oak Grove avenue and Laurel street. Miss Reiter has been a reigning belle at San Jose for some time.

Miss Meta Kugeler has returned from a business trip to Manteca.

James Bradley, a former resident of Menlo Park who passed away last week, was buried in Holy Cross Cemetery last Saturday. He was raised here and was well-known to all old-timers. He is survived by two sisters and a brother, Professor Will Bradley, a golf instructor in San Francisco.

Dr. Charles Gans, county health officer, has appointed Mr. Adrian Ward head of the social welfare department, Redwood City, at a salary of $225 a month. Mr. Ward takes the place of Miss Pearl McCormick, who assumes her former position as assistant. She was selected for the position many years ago by her uncle, John MacBain, who was then supervisor. Mr. Ward, after the World War, had charge of the welfare work for the Knights of Columbus at the base hospital here for several years. Prior to that he held a similar position with the government in Washington. He is a highly experienced man in welfare work, with a splendid background.

The players in the three-act comedy to be given on St. Patrick's Eve are diligently rehearsing. Several numbers will be given during the interlude. It is to be one of the best shows ever to take place in Menlo Park.

A resident of Menlo Park for over a quarter of a century, Mr. Peter Cherrighino passed away last Friday after a long illness. The funeral on Monday at the Church of the Nativity, where a requiem high mass was celebrated, was under auspices of the Redwood City Order of Owls, Fred Paletti president. The funeral was attended by a large number of friends who had known the deceased for years. Mr. Cherrighino was beloved by all. He was friendly and kind to everyone and it is no wonder that after his death became known nothing but the highest praise fell from the lips of all the men, women and children of Menlo Park. The deceased was born in Italy 69 years ago. He is survived by two step-daughters.

Governor Merriam has appointed Katherne E. Emerson a member of the State Board of Cosmetology. The appointee has been a resident of Menlo Park for some time.

Richard Park of Menlo Park will on March 1 take the examination for a cadet to West Point Military Academy. Some time ago Congressman J. J. McGrath appointed Mr. J. McGrath of Watsonville (no relative) as his first choice, Richard Park second and a young man from Gilroy third alternate. Should McGrath pass, he will secure the cadetship. If he fails young Park will get the place. Park is an exceedingly bright lad and son of Major Park, head fo the local military academy. The latter is a West Pointer. The examination will be held in San Francisco.

Many years ago the late William J. Murray predicted that the Menlo Park business would be eventually established on Santa Cruz avenue. This prophecy is coming true. There are already two grocery stores there, west of the highway, and Mr. Casserrito is erecting a large building for his butcher shop, and it is rumored that a chain drug store is to locate there very soon. The lure is the cheap rents and ample parking space.

A change in "Fountain" on the highway will take place shortly. One of the partners has purchased the other's half interest. The seller will sail for Honolulu in a week or 10 days.

Isabelle Weeden Lindquist, district deputy grand president of the Native Daughters of the Golden West, installed the officers of Vista del Mar Parlor No. 155 at a joint installation with Seaside Parlor, Native Sons of the Golden West, Thursday night of last week at Half Moon Bay. District Deputy Grand President Kelley Maltae installed the officers of Seaside parlor.

Mrs. Carroll A. Devol is convalescing at her home on Santa Cruz avenue from a recent minor nasal operation.

Menlo Park American Legion Post No. 443 held a "radio" initiation Wednesday night. The national officers of the Legion broadcast the ceremonies from national headquarters in Washington, D. C., and it was a nation-wide affair. Women of the auxiliary were present and several guests also enjoyed the unusual ceremonies. Refreshments were served at the conclusion of the business of the evening.

The benefit card party given by the Native Daughters of the Golden West was well attended and a tidy sum was realized for the worthy cause prompted the party—flood relief.

The regular monthly "sing" which is conducted every third Tuesday at the base hospital by Isabelle Weeden Lindquist, American Legion Auxiliary hospital chairman, was canceled due to the influenza epidemic.

Italy Council Holds Banquet

City and county officials, as well as representatives from many peninsula Italian organizations, attended the week-end second annual banquet of the Council of Italian Clubs of San Mateo County.

Numerous representatives of other Italian organizations from all sections of the county were introduced and greeted with applause. Dancing followed the dinner and speech-making.

The Chicago Municipal Airport covers an area of 640 acres.

Ship Featured At Scout Rally

The new land ship, "Challenger," of Redwood City's Sea Scout unit No. 145 played a major role in the 27th anniversary rally of the county Boy Scouts Saturday night at San Mateo.

Amid the applause of the audience and the stirring strains of "Anchors Aweigh," I. Karmel, president of the county council; Elmer W. Anderson, vice commodore of region twelve; Edward A. Barrer, scout executive; and J. Franklin Reid, fireld executive, were "piped aboard" for an inspection that with setting up of the ship by the Redwood City tars in nine minutes and 15 seconds, privided one of the highlights of the rally.

The audience was smaller than expected because for more than an hour eariler in the evening, storm damage caused a shutdown in some sections of San Mateo's lighting system, and for a while it was feared the rally would have to be postponed.

After the opening ceremonies on board the local ship, ship No. 111 of Burlingame demonstrated rescue work, using a breeches buoy to bring to "safety" five persons marooned on the masts of the "Challenger."

A. S. Kimberly, Redwood City scoutmaster, directed the grand march and massing of the colors. His troop gave a sound impression of an air raid, which thrilled and amused the audience, Reid, of Redwood City, reported.

A mock bull fight was staged by Troop No. 163 of Atherton, under the leadership of H. R. Wood. The event met general applause.

First aid to animals was demonstrated by troop No. 159 of Woodside, led by Leland John.

The Cape of Good Hope, so named by John II of Portugal, was first called the Cape of Storms.

DOG 'ACCUSTOMED' TO BITE

That a dog owned by Wilfred E. Street, San Mateo automobile dealer, was "accustomed to bite mankind," is the charge made by Brewster Goins today in a suit filed here in superior court, asking $550 damages for injuries he allegedly suffered November 22 when the dog bit him.

Grain Broker's Wife Wins $125 Alimony

Custody and $100 per month for support of their child, as well as $125 monthly alimony for herself, had been won by Mrs. Anita Ascherman today with an interlocutory divorce decree from Arthur H. Ascherman, wealthy San Mateo grain broker.

Mrs. Ascherman had charged extreme cruelty, detailing that her husband had frequently said that he was going on business trips, when checks with his office revealed that he was not doing so. The decree was handed down by Superior Judge Maxwell McNutt.

Ocean Journey Made to Gain Pair's Custody

Boellaard Children's Relative Prepares Court Battle

Vowing her readiness to "fight to the finish" to obtain custody of her nieces, the Boellaard children who were orphaned here seven months ago by a grade crossing accident, Nina Kusnetsoff made plans today, a bare three days after she had arrived from Japan, to seek a court order awarding her permanent guardianship.

The petite, vivacious and pretty sister of Maria Boellaard has spent a busy three days filing her first papers for American citizenship, visiting the Victor Hugos in Redwood City to find to her amazement that the children had been awarded to Mr. and Mrs. Alexander Ivars of San Francisco several weeks ago, and then today being interviewed by reporters.

A dressmaker, and bearing in her purse a contract naming her as buyer for a fashionable Japanese firm, Miss Kusnetsoff breathlessly answered questions as to her plans for the future of Olga and Leanna Boellaard, 9 and 5, respectively.

She intends first of all to adopt the children, after winning their custody through a court order from Judge A. R. Cotton nullifying the guardianship given the Ivars, who never knew the children's mother and father but felt drawn to them through common bonds of religion and Russian nationality.

In her fight to obtain custody of the tots, she will be assisted by Mr. and Mrs. Victor Hugo, who cared for the children for six months following the July 16 accident, and by Adrian Vlasoff, godfather of the little girls, who, like the Hugos, withdrew from the guardianship court fight just prior to the judge's order giving the children to the Ivars. Miss Kusnetsoff has retained Paul A. McCarthy as her attorney.

The Hugos, with whom Miss Kusnetsoff and her mother, Mrs. Paraskeva Kusnetsoff, 59, are staying, have always insisted that no matter who gained temporary custody of the blonde orphans, the permanent custody must go to their relatives, if any blood relations seek to obtain the tots.

Court Practice Course Offered To Bay Lawyers

Realizing the need of the practicing lawyer for information and suggestions on court procedure and office practice, the Practicing Law Committee of the Stanford Law Society has organized a course for attorneys.

Commencing March 3, the course of 15 lectures will be given each Wednesday evening, 7:30 to 9:30 p.m., at a place to be announced later.

The course is planned to furnish attorneys, particularly the younger lawyers, with information which usually can be gained only in years of experience. The lectures will not deal with substantive law, but with the technique of handling the affairs of clients and problems which arise in practice.

Enrollment will be limited to 100.

Registration may be made in advance, and literature describing the course may be obtained through Winston C. Black, secretary of the Practicing Law Committee, 1421 Mills Tower, San Francisco.

Protests Bring Further Study Before Action

City Heads Inclined To Await Action Of Legislature

Protests expressed by a dozen church, school and Parent-Teacher Association representatives last night caused the city council to abandon for the time being a proposal to license pin ball games and other "amusement" devices in Redwood City.

Instead, the council decided to give study to a strict regulatory ordinance, appointing a committee of three councilmen—James M. Eva, Louis C. Christensen and Evans A. Fletcher—and Police Chief C. L. Collins and City Atty. Albert Mansfield to consider the matter and report at an early meeting—possibly March 1.

Informed by City Attorney Mansfield that due to illness he had not as yet drawn up the proposed ordinance which would have licensed pin ball machines at $24 a year, the council, after more than an hour's discussion of the subject, voted, on motion of Councilman Eva, second of Councilman William Hohn, to rescind the order of a fortnight ago authorizing the drawing up of the ordinance. The motion to make the new study was made by Eva, seconded by Fletcher.

Fight in S. F. Jails Brisbane Murder Suspect

Henry Shelton, 31, giant Negro gardener and county transient with a long police record, stood indirectly accused today of the Brisbane boxcar murder of Joseph Davis, 37, colored itinerant.

His accuser was Jake Edwards, 37, Negro laborer, who was arrested with Shelton in San Francisco after the pair had become involved in an altercation with a Southern Pacific employe.

Edwards related to Sheriff James J. McGrath that on the week-end of February 7, following a fight between Davis and another transient, Shelton struck Davis, then led him off to the boxcar.

A few minutes later, Edwards told the sheriff, Shelton rejoined the group around the campfire, saying grimly, "There will be no more trouble in this jungle."

Sheriff McGrath said he believed "we have the right man." He said Shelton is known to have a violent and vicious temper.

Shelton, not booked for murder, is being held for investigation, awaiting questioning by Sheriff McGrath and Undersheriff Lawrence Nieri.

Man Arrested Here Sought As Fugitive

Arrested here February 8 on a morals charge, Jack Hensley, alias Harold Chilton, is wanted in Hobart, Okla., for escape from jail on conviction of similar charges, a telegram reecived by Chief C. L. Collins from Sheriff Sam L. Standifer of Hobart stated.

Hensley was held to answer to superior court, under $2500 cash bail, following a hearing before Judge Edward I. McAuliffe this morning.

The earliest English reference to spoons is in a will dated 1259.

Falls Bring Suits For Damages Here

Two falls, one blamed on icy streets and the other on a cigar butt, were made the basis of damage suits on file in San Mateo County Superior Court.

Irving Jacobs of San Jose, suing R. C. McMurray, owner of a Menlo Park radio store, for $10,000 damages, charged that McMurray had allowed water to accumulate in front of his store and that the water had frozen into ice.

Jacobs blamed McMurray's alleged negligence for his fall on the slippery pavement, the January 8th tumble having left him with a fractured thumb and impaired sense of smell, he declared.

Tanforan racetrack was named defendant in the other suit, filed by Lilian Caywood of San Francisco and asking $25,000 damages. It was due to the company's negligence, the suit accused, that a cigar butt was left on the floor of the clubhouse October 23, causing Miss Caywood to slip when she stepped on it. She fractured her shoulder in the fall.

Business Upturn Predicted Here By Business Man

A prediction of a substantial increase in the nation's business for 1937, accompanied by corresponding increases in merchandising and advertising activities locally, was reported today by John Rolla of the Coast Electric Company, 2376 Broadway, who has just returned from the Regional Commercial Distributors' Spring Conference of Kelvinator Division of Nash-Kelvinator Corporation, in San Francisco.

"The wholehearted feeling of optimism, prevalent among all the delegates present, toward business conditions locally," says Rolla, "was unmistakably one of the most impressive parts of the conference. This welcome attitude on the part of business leaders who were present, bespeaks improved conditions for this city as well as our neighboring communities and the nation at large."

The San Francisco Kelvinator Conference which Rolla attended, heard the optimistic business forecast made public authoritatively by J. A. Harlan, commercial manager for the national Kelvinator organization, speaking for more than thirty Kelvinator commercial distributors of the San Francisco area. Marked upturns in the fields of both commercial and residential air conditioning were foreseen by the delegates also, Rolla states, along with increases in the allied industries of automatic heating and such commercial refrigeration products as room, water and beverage cooling units.

R. C. Man's Brother Dies in P.A. Hospital

Cyril A. Larson, 36, of Palo Alto, brother of Palmer Larson, 331 Lowell street, Redwood City, died late Sunday at the Palo Alto Hospital.

CATHOLIC SCOUT TROOP FORMED AT R. C. SCHOOL

Formation of a new Redwood City Boy Scout troop for Catholic Boys of the Mount Carmel School was announced today by J. Franklin Reid, resident field executive.

The troop was formed with the endorsement and whole-hearted support of Father J. P. Cavanagh.

Reid pointed out that the troop is the only one in Redwood City sponsored by a church.

First meeting of the new troop will be held Friday evening at 7:30 o'clock in the Mount Carmel School Hall. Scoutmaster will be Joseph Graham, 1219 Middlefield road, who has had experience with three troops in San Francisco and promises the boys a real scout program, according to Reid.

Reid asked that all boys interested in the Mount Carmel Troop No. 120, come to Friday's meeting and hear about scouting from Father Cavanagh and Graham.

BISHOP ENDORSES MOVE

Founding of the troop came just as extension and broadening of the work of the Catholic Church in development of its Boy Scout program was announced by Bishop Francis C. Kelley, D. D., of Oklahoma City, according to word received by Reid.

A committee of 15 archbishops and bishops has been established to supervise activities of a committee of priests and laymen. This development in scouting, Reid pointed out, is in line with recent similar developments through Protestant and Jewish churches all designed to promote interest and broader co-operation in the Boy Scout movement among religious groups.

CONTRIBUTIONS LAG

Meanwhile contributions of the southern division to the scout fund campaign lagged, only $41.50 being collected in Redwood City yesterday, and $45 in Menlo Park and Atherton, bringing the division total to $473.50. Donations in San Mateo, Burlingame and Hillsborough swelled the county total to $4008.

Southern division contributors were M. J. Fargo, Redwood Automotive Supply Co., Purity Stores, Judge George H. Buck, and Mrs. Donald W. Williams, all of Redwood City; and Mrs. Helen A. Lapham and Mrs. E. S. Heller, both of Atherton.

Poole Continues Hi-Y Travelogue At High School

A second "installment" in a talk on his trip to the South Sea Islaids was presented Tuesday morning for the Sequoia High School Hi-Y by Robert Poole, instructor at the school. So popular did his first talk last month prove, that Poole was requested to return at another meeting of the Hi-Y and continue the travelogue.

Somoa, Fiji and Australia were among the islands described by Poole, who enlivened his talk by recounting adventures and amusing experiences on the trip.

Twenty members of the Hi-Y attended the meeting and made further plans for a four-day vacation trip to the Yosemite valley just before Easter. The dance planned to raise funds for the excursion has been canceled.

SUES OVER INSURANCE

Mrs. Lena Balzarini, widow of Antonio Balzarini, Sequoia high school gardener who was killed August 21, 1936, in an automobile accident on Middlefield road, today sued the Massachusetts Bonding and Insurance Company for $1000 life insurance she claims the company owes her.

NATION'S BEST DRESSED PAIR

Gladys Swarthout, beautiful opera star, and her sportsman husband, Frank Chapman, have been named America's "best dressed" husband and wife. Chapman, listed among the nation's 16 smartest males, says he dresses for the fun of it and Miss Swarthout admits she dolls up to please Chapman. The Chapmans are shown here at home in New York. Club to Back Oratory Test

After deciding to back an oratorical contest in March at Sequoia high school, the Redwood City Toastmasters Club plunged into a debate on the powers of the supreme court Monday, with the arguments going on long after close of the practice forensic clash.

Debating on the subject, "Resolved: That the powers of the supreme court should be reduced," Fred Schmidt and Louis McAtee, with Fred Glover taking the rebuttal, won a slight margin of audience votes with their affirmative arguments.

Mark Nesbit, Cuthbert Currie, and Andrew Spinas, rebuttal, upheld the negative side.

Schmidt and McAtee claimed that the powers of the supreme court were usurped in the first place, and that curbing of the court's power to nullify congressional measures was made useless by the veto power already present in the executive branch of the government.

Nesbit and Currie, however, maintained that the court was a bulwark and watchdog of the constitution, the only firm barrier between the constitution and an unbridled rule by the legislative and executive branches of government.

B. E. Myers was named chairman of a committee to make plans for the high school oratorial contest, which will be held in cooperation with Alberta Reinbenstein, Sequoia public speech and debate instructor. Assisting Myers will be Louis Dematteis, Homer Spellenberg, and Harvey Hall, club critic.

John Roderick Clark, middle-aged civil servant, was sent to jail for six months at Edinburgh for stealing 570 books from four-cent libraries.

The Great Comet of 1811 was larger than the sun.

3 Colleges Offer Sequoian Awards

Three colleges—Occidental, Harvard University and the University of California—have sent offers of scholarships to graduating seniors at Sequoia high school.

National scholarships, the awards will be competed for by all students regardless of financial circumstances. Sixteen freshman honor scholarships have been offered by Occidental College. Fourteen are to be decided on the basis of character, academic attainments and a competitive examination. The two others are to be given through the California Scholarship Federation upon approval of Occidental College. Mary Cowden, local advisor for the California Scholarship Federation, is reciving applications for tht latter two awards.

CITY COUNCIL DEBATES LOCAL FLOOD PROBLEM

That Redwood City has a "flood control" problem of its own was called to attention of the city council Monday by Councilman Robert N. Jones, who suggested that consideration be given to the possibility of taking steps to avoid repetitions of the two floods of the past fortnight which have flooded numerous yards and basements in Redwood City.

Considerable discussion was devoted to the topic, with acting City Manager C. L. Dimmitt being requested to bring in a report on what steps could be taken to alleviate the situation, which he described as an "old problem" which had just reoccurred this year.

M. P. Horticulturists Plan Joint Meeting

Members of the Menlo Park Horticulture Society will be hosts next Tuesday at 8 p.m. to the Peninsula, Woodside, South Peninsula and Palo Alto Gardeners' Association, according to George Smith, president.

During the evening A. Navlet, nurseryman; Max Leonard, county agricultural commissioner; Roscoe D. Wyatt, secretary of the Redwood City Chamber of Commerce, and Bruce Gibson, president of last year's county fiesta commission, will speak.

The meeting will be at the Masonic Hall in Menlo Park, corner Santa Cruz avenue and El Camino Real.

Iowa in 1936 had the hottest and dryest summer on record.

GIRL KILLED IN NORTHEND AUTO CRASH

Breadwinner Second Bayshore Victim In One Family

Death, absent from San Mateo county's highways for 19 days, returned over the week-end to claim 1937's seventh traffic victim in a particularly tragic crash.

The fatal accident, first to occur on the peninsula since Harry White, 24, of San Francisco, met death in a Colma collision January 26, claimed the life of Josephine Schonbachler, 21, San Francisco and resulted in negligent homicide charges being placed against Joseph Stinson of San Francisco.

Stinson was the driver of the machine which Miss Schonbachler was riding when he swung the car out of its traffic lane on a curve near Bayshore City and the rear end sideswiped an automobile driven by Clayton Clarkson, 35, San Mateo.

Otto Schramm, acting highway patrol captain, jailed Stinson on charges of negligent homicide. He secured his release on $250 cash bail.

The mineral wealth of the department of La Paz, Bolivia, includes gold, silver, tin, tungsten, copper and bismuth.
